DETAILED ACTION

Notice to Applicant

1. This communication is in response to the amendment filed 3/22/07. Claims 22-29 remain pending.

Claim Rejections - 35 USC § 103

2. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

3. Claims 22-29 are rejected under 35 U.S.C. 103(a) as being unpatentable over Elkind (US 2003/0158754 A1) in view of Linder et al. (US 6,681,003 B2), in view of Segal et al. (US 2001/0041991 A1), and further in view of Ilse et al. (US 6,757,898 B1).

(A) Claims 22-29 have not been amended and are rejected for the same reasons given in the previous Office Action, and incorporated herein.

Affidavits

4. The declaration filed on 10/16/06 under 37 CFR 1.131 has been considered but is ineffective to overcome the Linder et al. (US 6,681,003 B2) reference.

5. The evidence submitted is insufficient to establish diligence from a date prior to the date of reduction to practice of the Linder reference to either a constructive reduction to practice or an actual reduction to practice.

6. The evidence submitted on 3/22/07 to present evidence of diligence is not persuasive because the "screenshot of Applicant's patent docketing system" was never part of the declaration filed on 10/16/06. Thus, the inventors never attested to these facts. Also, there is no evidence of what occurred between 10/25/99 and 3/15/00. It only appears that Applicant's representative is asserting that the "disclosure" was submitted to the Attorney for subsequent filing of the provisional application.

Conclusion

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
